

Axis360 for Apple iPad Tablets/Phones

Axis360 is an all-in-one app that allows library users to checkout, download, and read or listen to electronic books in one place.

Step 1: Be sure you are connected to a wireless network.

Access Wi-Fi Connection

- Tap on Settings icon
- Select local Wi-Fi network

Step 2: Download the Axis360 app
Click on App store on Your Device

- Search for axis360 in the Apple app store
- Download axis360 app

Tap on the downloaded app to open

Step 3: Tap "Skip to Find your Library"

Step 4: Type "Olathe" in the search box to find the Johnson County/Olathe Public Library eBook collection.

Step 5: Add your library card and PIN and click Login.

Step 6: Begin browsing for an item to checkout.

Step 7: Checkout

Note: After the checkout, the book will download quickly in the background and open the book for reading.

Step 8: Read

If you would like to return a book early, navigate to “My Stuff” and click on the book cover you would like to return. On the individual title screen click Return.

Return an eBook

Return an audiobook

Navigation

Icons at the bottom of the screen, will help you navigate the app.

Displays the ebooks and eAudiobook titles available in the library's collection.

Offers an alternative display of titles by subject.

Visit the Account area to change your email or username. Also see a display of how many checkouts and holds you have remaining.

This is where you go to see checked out titles, your holds and your wish list.

Find the logout link here and a link to Preferences where you can set expired titles to automatically delete from your device.

If you need any assistance, please bring your tablet into the library and we will be glad to help!!
