Request for Reconsideration of Library Materials

Olathe Public Library selects materials using professionally established criteria. These selection criteria are described in the OPL Collection Development Policy. If you wish to request reconsideration for a title, please read the policy first. Only one item per form may be submitted for reconsideration and only one form per household may be submitted for reconsideration at a time. Please attach additional pages if needed to respond fully to these questions.

The library is committed to free and open access to ideas, information, and materials. Access differs for each individual and it is the goal of the library to provide materials which reflect the broadest range of ideas and life experience.

The choice of library materials by customers is an individual matter. The library recognizes that some materials may be controversial or offensive to an individual, however, maintains that individuals can apply their values only to themselves. Parents and legal guardians have the responsibility and right to guide the values of their children. As such, parents and legal guardians are responsible for the materials that their children borrow and should make decisions accordingly. No one can exercise censorship to restrict access to library materials by others.
