### 4. Services

#### 4.1. Interlibrary Loan

Interlibrary loan (ILL) is a service in which Olathe Public Library (OPL) borrows items for our customers from libraries outside of the OPL and Johnson County Library (JCL) systems and lends materials from our collection to libraries nationwide.

##### 4.1.1. ILL Borrowing Guidelines

In order to use the ILL service, a customer's OPL/JCL account must be in good standing with a verified address.

Customers can have a total of 15 ILL items currently on request and/or checked out at a time.

It may take two to six weeks for each ILL item to arrive.

When a customer's ILL is ready for pick-up, it will be held behind the welcome desk at either of the OPL locations. A staff member will need to check it out for the customer.

The owning library sets the due date. While they normally give each item about three weeks, checkout periods may vary. ILLs cannot be renewed.

ILLs come with a branded vinyl book strap. If a customer removes the book strap to read or use the material, we ask that they ensure both pieces are together when returning.

There may be a nominal fee to borrow certain items. The ILL department will try all free sources first. If the only option for borrowing is fee-based, they will let customers know before borrowing the material. Charges won't be posted to a customer's account until the item is received.

Overdue fines and charges for lost or damaged materials still apply. However, because the item does not belong to us, at 60 days overdue we will pay the owning library for the item and will be unable to issue a refund.

##### 4.1.2. ILL Lending Guidelines

Requests from other libraries may be received through the Online Computer Library Center (OCLC), the Kansas Library Catalog (KLC), email, or phone.

# Olathe Public Library

## Policy Manual

Effective May 16, 2023

---

We lend out materials in the OPL collection only. We do not lend JCL materials.

We do not lend materials published within the last six months.

Materials are loaned to the borrowing library for five to six weeks. Most items can be renewed if not needed by our customers.

Materials lost or damaged will be charged to the borrowing library.

There are no charges for lending materials, including photocopies.

ILL is a service that operates through cooperating libraries, not directly to library customers.

Customers wanting to borrow OPL materials through ILL from another library will need to go through that library's ILL service to obtain the materials.

- Dissertations
- Theses

### 4. Services

#### 4.2. Mobile Hotspots

Olathe Public Library (OPL) offers mobile hotspots for checkout. A mobile hotspot is a Wi-Fi device that allows you to carry a portable internet source with you wherever you go. With a mobile hotspot, you will have wireless internet access in your car, at home or anywhere else. It does not need to be plugged into a data port and you do not need a wireless or internet subscription to use it.

##### 4.2.1 Access and Service

OPL's mobile hotspots provide internet access to smartphones, tablets, and other wireless-enabled devices through a cellular network. A mobile hotspot can support up to 10 devices at a time and provide unlimited internet service. Service is dependent on the availability of the network where the mobile hotspot is being used and is only available for use within the United States.

Mobile hotspots are unsecured wireless networks and any information being sent or received over the network could potentially be intercepted by another wireless user. Customers are cautioned against transmitting their credit card information, passwords and other sensitive, personal information while using any wireless network, and do so at their own risk.

Mobile hotspots are not equipped with any Internet-filtering capabilities. Customers are entirely responsible for any content accessed through a mobile hotspot, as well as any viewing of that content by minors. Customers should also refrain from online activity that violates federal, state, or local laws.

Neither OPL nor the mobile hotspot service provider will track customer Internet usage.

##### 4.2.2. Checkout

Mobile hotspots are available for checkout at both OPL locations. They must be checked out at the OPL location to which they belong and cannot be sent to any Johnson County Library location.

Mobile hotspots check out for a period of two weeks (14 days). They cannot be placed on hold, nor can they be renewed.

Mobile hotspots must be returned in-person to the Welcome Desk at the OPL location from where they were originally checked out.

#### 4.2.4. Overdue, Lost and Damaged Devices

Overdue mobile hotspots will be disabled approximately seven days after the due date has passed. At that time the device will no longer access mobile networks.

If a mobile hotspot is not returned within 30 days, a fee for the replacement cost of the item will be added to the borrower's account.

All components must be intact and undamaged (mobile hotspot device, charging cable/power adaptor, and case) for OPL to consider the item checked in and returned.

Fees may be issued for lost or damaged parts of the mobile hotspot, as well as the entire mobile hotspot if needed. See the table below for specific fee information:

Device	\$120.00
Charging Cable/Power Adapter	\$15.00

Users must comply with the United States copyright law, United States and Kansas obscenity statutes, and all other applicable laws.

OPL has no control over the information on the Internet and cannot be held responsible for its content. Restriction of a minor's access to the Internet is the responsibility of the parent or legal guardian. Within the above limitations, the library follows policies and procedures that support maximum safety for minors when accessing the Internet at the library.

Complaints about enforcement of this policy or observed customer behavior which violates this policy shall also be submitted in writing to the person in charge, providing as much detail as possible. The Library System Officers (LSOs) will review complaints not readily resolved.

##### 1. Filtering

- A. OPL will comply with the Children's Internet Protection Act ([CIPA](#)), Neighborhood Internet Protection Act ([NCIPA](#)), Kansas Children's Internet Protection Act ([KS-CIPA](#)) regarding the requirement to use a technology protection measure (filtering software) on all staff and public computer workstations. Technology protection measures are not reliable due to the constantly changing nature of the Internet; therefore, the library cannot be held responsible for prohibited information that might be displayed or for useful information that may be blocked.

The LSOs will review requests within 10 business days.

### 2. Children's Access
